

PSYCH-K® MASTER FACILITATION WORKSHOP

This course is designed to help you develop high-level facilitation skills when working with yourself and others. It is for professional and non-professional PSYCH-K Facilitators who wish to fine tune their skills beyond what is possible during the PSYCH-K Basic Workshop, or within any other PSYCH-K Workshop. The net effect will be increased effectiveness, elegance, ease and confidence as a PSYCH-K Facilitator.

The Master Facilitation Workshop will provide a rich environment in which to learn how to facilitate successful PSYCH-K sessions, in-person or long distance via phone or other Internet service such as Skype, Zoom, etc.

At the PSYCH-K Centre International, we believe private sessions create a sacred and safe space for facilitating change. Keeping this goal in mind as you facilitate PSYCH-K will be as important as anything we can teach you in the quest for mastering the facilitation process. There is an Inuit (People of the Canadian Arctic) word that embraces this idea. *Isumataq*. One translation is, “The keeper of the sacred space in which wisdom is revealed.” This sums up the ideal mindset of PSYCH-K Facilitators when doing Balances with others as well as themselves. Creating an environment where the wisdom of your partner can be revealed is at the heart of all PSYCH-K processes.

You do not have to have attended the Advanced Integration Workshop to participate in the Master Facilitation Workshop, although if you have attended the Advanced or plan to, you will still receive significant benefits from what you will learn in this Workshop regarding the art of facilitation.

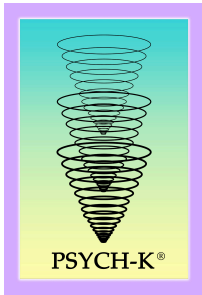

Expand your confidence and refine your skills during the Master Facilitation Workshop!

Note: The MFW is not a business design workshop. If that is your interest, consider learning more about owning, starting and running a personal service-based business and of course you can use the balance processes to support.

In the Master Facilitation Workshop you will:

- ✓ Develop a personal “core-connection” statement about PSYCH-K
- ✓ Learn surrogation so you can offer distance sessions and extend your scope of practice
- ✓ Transform the perception of stress and trauma (past, present, future)
