

# The MEDICINE HORSE

Turning Inward to Open Outward

Phoenix Horse by Cal Peacock

## Black Elk Says:

The Grandfathers began to sing,  
announcing the riders of the different quarters...

They will appear.  
May you behold them.  
A horse nation will appear.  
A thunder-being nation will appear.  
They will appear.

BEHOLD!

In this beautiful experiential workshop, Sandra and the Chiron's Way herd invite you to walk with them, around an ancient circle, a medicine wheel, to **gather your teachings from the Four Directions.**

To commemorate your walk, you will **create a personal talisman**, as guided by the horses and the land, and inspired by the amazing Medicine Horses of horse sister and artist, Cal Peacock.

Afterward, you'll **spend time out on the land with your Medicine Horse.** Within the bond of this relationship, you will integrate the lessons and gifts the horses have shared with you, in a way that goes deeper than words.

To close the weekend, within the Medicine Horse Circle you have co-created, Sandra will share a powerful healing song she was gifted by her Cree mentor, elder and friend.
